

# St Ives Refill & Zero Waste Shop - now available in Houghton & Wyton

Hi I'm Seona, I live in Home Farm Road in Houghton and I've started up a refill and zero waste shop at 1 East Street in St Ives during lockdown. I sell all sorts of eco-friendly household and personal cleaning products that you can refill over and over again, helping you reuse plastics and reducing the impact on the environment, providing vegan friendly, zero harsh chemicals, cruelty free, natural products.

In collaboration with Houghton & Wyton Community shop I can now bring the shop to YOU!

On Tuesdays there will be a drop off and pick up at the shop!
